MISSION

The Death Penalty Information Center is a national non-profit organization serving the media and the public with analysis and information on issues concerning capital punishment. Founded in 1990, the Center promotes informed discussion of the death penalty by preparing in-depth reports, conducting briefings for journalists, and serving as a resource to those working on this issue. The Center releases an annual report on the death penalty, highlighting significant developments and featuring the latest statistics. The Center also produces groundbreaking reports on various issues related to the death penalty such as arbitrariness, costs, innocence, and race. We offer a wide variety of multimedia resources, such as our free, online educational curricula and our podcast series.

Death Penalty Census

Population(s) Served: n/a

On June 29, 1972, the United States Supreme Court decided *Furman v. Georgia*, striking down all existing death penalty laws in the United States and ushering in the modern era of the U.S. death penalty. In the decades that followed—as jurisdictions revised their death-sentencing procedures in response to the Supreme Court’s rulings on capital punishment—thousands of people were sentenced to death.

The Death Penalty Census is DPIC’s effort to identify and document every death sentence imposed in the U.S. since Furman. The census captures more than 9,700 death sentences imposed between the Supreme Court’s issuance of the Furman ruling and January 1, 2021. These sentences were imposed in 1,280 counties across 40 states, as well as by the federal government and the U.S. Military.

* The Foundation Status Code is the code that foundations are required to provide for each grantee annually on part XV of Form 990PF. Note that this code cannot be derived in some cases (e.g., supporting organizations for which 'type' can't be determined).

[IRS Revenue Procedure 2011-33](#) allows grantors to rely on third-party resources, such as GuideStar Charity Check, to obtain required Business Master File (BMF) data concerning a potential grantee's public charity classification under section 509 (a) (1), (2) or (3).

GuideStar Charity Check Data Sources

- GuideStar acquires all IRS data directly from the Internal Revenue Service.
- The [IRS Automatic Revocation of Exemption List](#) contains organizations that have had their federal tax-exempt status automatically revoked for failing to file an annual return or notice with the IRS for three consecutive years.
- The [IRS Publication 78 \(Cumulative List of Organizations\)](#) lists organizations that have been recognized by the Internal Revenue Service as eligible to receive tax-deductible contributions.
- The Foundation Status Code is a value derived by mapping the codes found on the [990PF filing instructions](#) to the corresponding codes in the IRS BMF. Note that not all codes are able to be mapped due to insufficient data.
- The [IRS Internal Revenue Bulletin](#) (IRB) lists changes in charitable status since the last Publication 78 release. Between the release of IRS Publication 78 and the subsequent IRS Internal Revenue Bulletin, the IRB date will reflect the most recent release date of IRS Publication 78.
- The Office of Foreign Assets Control (OFAC) [Specially Designated Nationals \(SDN\) list](#) organizations that are owned or controlled by targeted individuals, groups, and entities, such as terrorists or narcotics traffickers. Their assets are blocked and U.S. persons are generally prohibited from dealing with them.
- The [IRS Business Master File](#) lists approximately 1.7 million nonprofits registered with the IRS as tax-exempt organizations.
