Wyoming communities have resources to thrive in good times and bad.
### GLOSSARY OF TERMS

**INPUTS**  
The resources available to the foundation to carry out its activities.

**OUTPUTS**  
Products, services or knowledge that result from the foundation’s activities. These are often expressed quantitatively; for example, number of users, how many gifts are made, and/or # of grants received.

**ACTIVITIES**  
The things that the foundation does or the services we deliver day-to-day. Activities are within our control.

**INTERMEDIATE OUTCOMES**  
The short-term changes, benefits, learning or other effects that result from what the foundation does. We believe that achieving these short-term steps will contribute to the goals and ultimately the result. It may include changes in community knowledge, skills, attitudes, and behavior.

**GOAL**  
The big long-term objectives that will need to be met to help achieve the result.

**RESULT**  
The broader social change the foundation is trying to achieve.
