

## Eskie Rescuers United Strategic Plan for 2021:

Using the award received from the Kevin Kubasik Charitable Trust, we will work with an IT specialist to update our website.

Using the award received from the Kevin Kubasik Charitable Trust, we will continue to focus our efforts on helping older American Eskimo dogs, especially with medical issues, find long-term foster homes or new adoptive homes.

We will continue to work with other American Eskimo dog rescue groups to pool our resources to save as many American Eskimo dogs as possible.

We will continue to serve those who have served us faithfully, US Veterans, by waiving adoption fees and by encouraging foster programs.
