Position of member completing form

Program chairman

Program Type

Operation Sc

1. Describe the Operation School Bell program you surveyed.

a clothing program that serves students

2. Describe the people who answered the three outcome questions:

School Personnel Parents or Guardians

3.

a. Total number of surveys distributed

2225

This is the number of people you asked to answer the three outcome questions.

b. Total number of survey responses

2225

This is the number of people who answered questions and returned the survey.

c. Survey response rate:

%

This will be calculated automatically.

4.

Note: Use returned surveys for this section. Total the individual response choices for each question and enter those numbers in the corresponding spaces. Grand totals for each question response choices will be automatically calculated. Totals cannot be greater than the number of returned surveys.

After your students' participation in the Operation School Bell program, please indicate:

	Negative Change	No Change	Positive Change	Significant Change	Total
Observed change in classroom behavior			1891	334	
Observed change in student confidence			1455	770	

Observed change in level of engagement with peers and/or school activities.

		1626	599	
--	--	------	-----	--

5. Outcomes Result %

Note: These percentages will be calculated automatically.

	Negative Change	No Change	Positive Change	Significant Change
Observed change in classroom behavior	<input type="text"/> %	<input type="text"/> %	<input type="text"/> %	<input type="text"/> %
Observed change in student confidence	<input type="text"/> %	<input type="text"/> %	<input type="text"/> %	<input type="text"/> %
Observed change in participation with peers and/or school activities.	<input type="text"/> %	<input type="text"/> %	<input type="text"/> %	<input type="text"/> %

6.

a. Approximate or actual number of students represented by surveys returned:

For this number, consider the returned surveys only. Who completed those surveys? How many children were referred by these individuals to be served by the program? This is the number that goes here.'

b. Total students served by the program during the current fiscal year:

This is the total number of children served by the program this year.

c. Percent of students served represented by survey responses

%

This number will be calculated automatically

7. Comments concerning survey

Eight School Coordinators filled out

Please share your comments or chapter experiences with the outcomes

measurement process and/or this survey to enter your chapter's program outcomes data
