1	More cabin/down time	6/23/2019 3:56 PM
2	More understanding of parental concerns. Less controlling attitude about the schedule from the coordinators. More leniency for my child's and family needs. More simplistic notifications and emails. The info we get as parents is very long and dense with unnecessary content. Communication to parents is confusing and requires a lot of mental work to sift through. Camp Hobe staff is a fun service for the community of child survivors, however, I believe there needs to be an understanding that the Camp Hobe staff doesn't need to "save" our children. Our children are from loving families that take good care of them and a good parent knows what their child needs. For any staff member, no matter how qualified as an individual, to assume that they know what's best for a child over their parent is frustrating and off-putting.	6/23/2019 10:49 AM

#	Q2: HOBÉ JUNIORS - 2 DAYS WITH 1-NIGHT OVERNIGHT	DATE
1	When I was inquiring about information as to which session would be best for my son, I felt that my reservations about leaving my 9-year-old son overnight for the week-long camp were met with judgement. It would have been nice to have an option to pick my son up if I felt the need during the night and to bring him back the next day. I don't appreciate being advised as to where my child should sleep, nor do I appreciate my parenting being called into question and told what my family needs. My child's individual needs are more important to me than a schedule or activity "norm." Still, I wanted my son to have the opportunity to meet other kids that share his experience with cancer. What resulted is that my child attended the 2 day camp, but there weren't a lot of children his age and he wasn't able to make any friends. I feel if I would have received better information about the week-long camp, or if there would have more leniency in the schedule, for example if I would have been able to check on him every couple of days or he would have been allowed to spend the night at home a few times during the week, he would have had more of an opportunity to socialize with children his own age.	6/23/2019 10:49 AM

My daughter is so sad that next year will be her last year! She has loved every second of it and is hoping to become a counselor when she's older.
