

Impact Goals

1. Reduced systemic disparities

- A focus on **people of color, low-income** and those with **undocumented** status facing the harshest circumstances
- Raising a standard of **measurable** change on economic mobility outcomes, specifically in **housing, early learning and financial stability**

2. Strong and engaged community

- SVCF's success depends on **deep engagement** of the community and intentional alignment with and support of **individuals, movements, and organizations**
- Further, this goal represents both a means and an end

3. Culture and practice of effective philanthropy

Achieving systemic change will require **catalytic capital** from SVCF's current and future donors and corporate **partners**, and will require investment and **aligned action** by the community

4. Trusted and enduring institution for the community

To achieve its intended impact, SVCF will become a high-functioning organization prepared for the dynamic challenges of the present and future, anchored in a sustainable business model
