MUSEUM GOALS

The National Bonsai & Penjing Museum Goals:

- Assemble and nurture a superior bonsai collection with special emphasis on specimens from Japan, China and North America.
- Provide education about bonsai and support the scholarly study of this art.
- Acquire and maintain a collection of viewing stones.
- Acquire and maintain a collection of stands, scrolls and containers which enhance the exhibit of bonsai.
- Develop and support a Special Collection at the National Agricultural Library devoted to literature and other materials related to bonsai and the associated arts.
- Maintain the museum setting to complement the display of bonsai.
