Your Tools for Living

Conversations with Our Leadership

What a year this has been!

We certainly live in interesting times. Despite the challenges, we have come through stronger than ever – stronger as an organization and stronger for the people who look to us. So many people came to us seeking direction and support, and we were there for them.

How did we do it? An incredible staff, an outstanding volunteer corps and generous donors.

Let's look at just some of the tremendous accomplishments of the past 12 months:

- After more than a year in the making, we finalized and implemented a strategic plan to take JF&CS into 2015 and beyond. The plan focuses on five key long-term goals that will result in an ever-more efficient, effective agency.
- We began implementing a comprehensive client management information system for our entire agency that manages all aspects of service delivery, scheduling and billing – and does so in a paperless way. This electronic system helps our staff be more efficient and ensures the confidentiality of our clients.
- The Ben Massell Dental Clinic moved to an electronic data management system to facilitate recordkeeping while being “green” in line with its LEED certification and also maintaining client confidentiality. At the same time, the clinic worked through a 3,000-person waiting list and reopened for new patients in collaboration with 20 referral partners.
- We built a “Giving Garden” that grows vegetables for our clients as well as other members of our community who would not otherwise have the opportunity to enjoy fresh carrots, beets, arugula, kale and other produce.
- Our endowment funds rebounded with the markets,

growing 9 percent on average.

- We distributed \$470,866 in emergency economic assistance between April 2010 and January 2011. In addition to this assistance, we provide ongoing case management to the families to help them get back on their feet and do what's necessary to stay there.

Each division saw improvements in program and service delivery over the past 12 months.

Aviv Older Adult Services – Tools for Aging provided more than 48,000 hours of homcare to clients, representing an increase of 15 percent over two years. We also provided support for more than two dozen caregivers of clients with Alzheimer's disease and related dementias and assured our Holocaust survivors received much-needed homcare services through funds from Germany. And we inaugurated Aviv Celebrations, bringing birthday and get well cheer to more than 800 older adult clients through cards made by children and other volunteers.

Career Services – Tools for Employment found work for almost 450 job seekers. We provided more than 1,000 people looking for jobs with career-related workshops and hosted more than 85 programs and workshops in total. More than 800 people met with our team of career counselors and job developers.

In Counseling Services – Tools for Life, we created and filled the position of Director of Clinical Practice Management to enhance our clinical service offerings, identify new service opportunities and ensure operational efficiency of the division.

Child & Adolescent Services – Tools for Families along with our Synagogue Outreach team organized “Bullying: A community Response,” a program that brought together parents, children and educators to

address the issue of bullying. Our Synagogue Outreach Initiative now boasts 18 collaborating synagogues. We are proud to provide these partners with tools to strengthen their synagogues and their members.

In *Developmental Disabilities – Tools for Independence*, the TeamWORKS program grew considerably. We added four employment sites and increased our enrollment by eight new clients.

International Services – Tools for New Americans expanded resettlement services to new populations and received recognition from the state of Georgia as the “model program for the state whose work should be replicated.” With the help of two large grants, we resettled 58 clients and, since July, enrolled 236 students in our ESL/citizenship classes. Our Healthy Families program served 300 clients just since October.

There were so many other, wonderful milestones this year – too many to mention. But a high point of the year could not have been reached without you, our donors. For the first time, we surpassed the \$1 million mark in unrestricted dollars in our Annual Campaign. This achievement is remarkable in itself but even more so given the economic climate of the past few years. We appreciate your confidence in us as stewards ensuring the community safety net is in place.

On a more personal note, we thank our wonderful Board of Directors. The past two years have shown the highest level of engagement and commitment by the entire board this agency has ever seen. We thank everyone who contributed and look forward to another year of success.

The Judith N. Cohen Society

Established in July 2004, the JNC Society was named in honor of Judith N. Cohen, an extraordinary community leader and former JF&CS president. The Society was created to deepen the understanding, commitment and support for JF&CS and to recognize enduring community service. Membership is granted in honor of pledges that sustain gifts of \$10,000 (\$1,000 if age 40 or under) to the agency's annual Friends Campaign.

It is with tremendous pride and gratitude that we present the members of the Judith N. Cohen Society:

Tools for Employment

Career Connections for Job Seekers:

Services include career counseling sessions, employment workshops, assessments with professional feedback and connections to potential placements.

Career Connections Placement Services for Employers:

Provides a risk-free, no-cost resource to ensure businesses make the best hire for their firm or organization. Post jobs anonymously on our database and access prescreened candidates.

Career Workshops: Topics include job search skills, interviewing skills and resumé development, among others.

DeKalb Workforce Development: Job training and placement services for adults and dislocated workers in DeKalb County.

United Way RITE Transitional Employment: Assists refugees and immigrants in the U.S. for 5+ years with transitional employment leading to permanent placement opportunities.

Title V/SCSEP: Assists income eligible mature workers age 55+ with on the job training and job search assistance for permanent job placement.

Ways to Work: Transportation solutions for working families in the Atlanta area – an alternative for responsible, low income, working parents to receive low-interest auto loans.

Cobb Homelessness: Assist families in Cobb who are at risk of homelessness with rent, mortgage and career services.

Volunteer Services

Volunteers truly are the heart and soul of JF&CS. Many important JF&CS programs could not exist, and fewer clients would be served without their time and dedication.

JF&CS offers a unique and flexible volunteer program that provides a full range of volunteer opportunities for people of all ages. There are so many ways — from working directly with clients to stuffing envelopes, to sitting on a committee — to make a difference in our community through JF&CS.

Becoming a JF&CS volunteer is easy. Find out what you are passionate about and get involved.

If you can...

...then we need You!

If you can do any of these things, or anything else helpful you can think of, then you can be an effective volunteer at JF&CS. Our volunteers make the fulfillment of our mission possible. They are the backbone of our organization. So provide a great service to your community and give yourself that unique feeling that helping others gives you. Volunteer today.
