Reformers Unanimous Addiction Program
Northwest Bible Baptist Church
Elgin, Illinois 60123

This letter is my recommendation of the above referenced addiction program.

Having served on the bench for the past 10 years, (7 years of which as the presiding Judge in the Family Division and the Domestic Violence Courts), I have seen first-hand the devastation and destructive consequences of drug and alcohol addiction.

The tremendous costs associated with drug and alcohol addiction not only tax our already overburdened judicial and prison systems, but worse, it destroys the lives of the addicted and in many cases continues a generational cycle of dysfunction.

Reformers Unanimous is a Christian based Christ centered recovery program that not only addresses the physical and psychological aspects of addiction but also the spiritual component of addiction recovery. Having attended and spoken at Recovery Unanimous meetings I have seen the dedication and professionalism of the RU staff and the positive results in the changed lives and attitudes of recovering addicts.

I without hesitation recommend this program.

Sincerely,

John A. Noverini
Circuit Judge
