We:

1. Commit ourselves to gender equity, racial equity, social justice and human rights;
2. Celebrate the dignity of girls and their bodies;
3. Believe that education is a reciprocal process and a basic human right;
4. Strive to build relationship through an inclusive and collaborative process;
5. Cherish our planet and work to protect our environment.
6. Are fueled by passion, compassion, hope and generosity.

Vision Statement

A world where all girls participate fully in their lives and communities.

Mission Statement

Optimize girls’ lives worldwide by removing barriers related to menstruation.

Strategic Goals

1. By December 31, 2025, we will have institutionalized best practices for nonprofit governance, resulting in a more effective, diverse, and engaged Board of Directors with clear policies, recruitment strategies, and Board education protocols in place.
2. By April 2025, we will have clearly defined goals for our established MCP sewing guilds and US volunteers, and we will have implemented a model for replication in new centers in other countries.
3. By 2024, MCP will have a written succession plan, including financial goals.
4. By 2025, MCP Sewing Cooperatives in Uganda, Kenya and Malawi will become self-sustaining and will continue to operate even if MCP/US no longer provides funding.
