Dear Ray of Hope Advocacy Center,

Congratulations! The National Children's Alliance Board of Directors has approved your application for re-accreditation. We are pleased to have you continue your relationship with us. Additionally, being recognized by a national organization validates the hard work and commitment of your community.

We would like to acknowledge the extensive work your center and team has completed to demonstrate through both written documentation and observed practice that the CAC is in compliance with these national accreditation standards. The standards and their accompanying criteria ensure that children and families in your community receive effective, efficient, relevant and compassionate services. Please keep in mind that your state Chapter, Regional CAC and NCA Engage have extensive resources for any training and technical assistance needs you may have. Over the next few weeks you will receive your new NCA membership plaque in the mail - we hope that you will display it with pride. Please reply to this email confirming your address.
