Report of Independent Auditor

To the Board of Directors
Communities In Schools of Central Texas
Austin, Texas

Report on Financial Statements

We have audited the accompanying financial statements of Communities In Schools of Central Texas (the "Organization"), which comprise the statements of financial position as of August 31, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Communities In Schools of Central Texas as of August 31, 2020, and the changes in its net assets, and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal and State Awards is presented for purposes of additional analysis as required by the audit requirements of Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and *Texas Uniform Grants Management Standards*, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal and State Awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 5, 2021 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal controls over financial reporting and compliance.

Prior Period Financial Statements

The financial statements of Communities In Schools of Central Texas, as of and for the year ended August 31, 2019, were audited by other auditors whose report dated January 23, 2020, expressed an unmodified opinion.

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2020 AND 2019

Note 1—Organization

Communities In Schools of Central Texas (“CISCT” or the “Organization”) is a Texas non-profit corporation established in July 1985 and is funded by contracts and contributions received from both the public and private sector. The purpose of CISCT is to surround students with a community of support, empowering them to stay in school, and achieve in life. CISCT serves 86 campuses in 7 Central Texas school districts. The main services provided by the Organization include the following:

On-Campus Student Support – The founding principle of the Organization is to establish one-on-one relationships with individual students in order to support them beyond obstacles to success in school. The Organization’s program managers connect personally with students who have been referred by teachers or administrators to improve student achievement. They create a service plan based on each child’s needs and then make that plan happen. They may provide individual counseling or support groups, basic life skills, tutoring, mentoring, or enrichment opportunities to help the child succeed. The goal of all these services is to engage students in learning and succeeding in school.

Care Coordination – Care Coordination uses the “Wraparound” process to provide home-based intensive services to children and their families. Wraparound is a team-based process that utilizes the strengths of the family to create an individualized plan that helps them meet their needs and reach their desired goals and outcomes.

XY-Zone – The XY-Zone supports and guides adolescent males as they journey into manhood. It is a leadership development and peer support program that develops productive life skills in high school-age, at-risk males.

ASPIRE Family Literacy (Achieving Success through Parental Involvement, Reading, and Education) – This program breaks the cycle of illiteracy and poverty within families by providing comprehensive and integrated literacy services for the entire family.

The Pebble Project – The Pebble Project keeps children “safe, strong, and free” through school-based workshops and community education.

SmartKids – The Housing Authority of the City of Austin (“HACA”) Partnership supports public housing residents in their journey to economic self-sufficiency through school-based and property-based educational, enrichment, and case management services. The HACA Partnership supports public housing residents in their journey to economic self-sufficiency through school-based and property-based educational, enrichment, and case management services.

Note 2—Summary of significant accounting policies

Basis of Presentation – The Organization’s financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America (“U.S. GAAP”). For financial statement purposes, the Organization distinguishes between contributions without donor restrictions and contributions with donor restrictions.

Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the reported results of operations.

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2020 AND 2019

Note 2—Summary of significant accounting policies (continued)

Net Asset Classifications – In accordance with U.S. GAAP, the Organization classifies its net assets into two categories as follows:

Net Assets With Donor Restrictions – Net assets the use of which is subject to stipulations by donors that can be fulfilled by actions of the Organization pursuant to those stipulations.

Net Assets Without Donor Restrictions – Net assets that are not subject to stipulations. Net assets without donor stipulations may be used for any purpose or designated for specific purposes by action of the Board of Directors of the Organization.

Cash and Cash Equivalents – For purposes of the statements of cash flows, cash and cash equivalents consist of cash held in bank deposit accounts and short-term, highly liquid investments with purchased maturities of 90 days or less.

Contributions – Contributions received (including any unconditional pledges) are recorded as support without restriction or support with restriction in the period received depending on the existence and/or nature of any donor restrictions. Contributions received with donor-imposed restrictions that are satisfied in the same reporting period are reported as without donor restrictions on the statements of activities. Conditional promises to give, that is, those with a measurable performance obligation or other barrier and a right of return, are not recognized until the conditions upon which they depend are substantially met. Promises to give are recognized as revenue only if sufficient evidence exists in the form of verifiable documentation that a promise was made and received.

Grants – Funding in the form of grant contracts is received from governmental and non-governmental sources. Certain contracts are classified as exchange transactions and are considered to be net assets without donor restrictions as the entity providing the grant funding receives a benefit for the service provided. Revenue under such contracts is recognized as services are rendered or the related expenses are incurred. Receipts of grant payments in advance are reported as deferred revenue.

Other grant contracts are classified as contributions, as under such contracts, the funding source receives no direct benefit from the program services provided by the Organization. Under these contracts, revenue is recognized when the donor makes a promise to give, that is, in substance, unconditional. Revenue associated with contracts that include donor conditions, that is, those with a measurable performance obligation or other barrier and a right of return, are not recognized until the conditions are met. Grants received with donor-imposed restrictions that are satisfied in the same reporting period are reported as without donor restrictions on the statements of activities. As of August 31, 2020, the Organization had approximately \$350,000 in contributions from non-federal contracts for which conditions have yet to be met but for which funds have been received. This amount is reflected in deferred revenue.

Contributed Service and Assets – During the years ended August 31, 2020 and 2019, the value of contributed services meeting the requirements for recognition in the financial statements was not material and no amounts have been recorded. Although individuals volunteer their time and perform a variety of tasks that assist the Organization, these services do not meet the criteria for recognition as contributed services.

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2020 AND 2019

Note 2—Summary of significant accounting policies (continued)

The Organization reports contributions of land, buildings, and equipment and other assets as without donor restriction, unless explicit donor stipulations specify how the donated assets must be used. Gifts of assets with explicit restrictions that specify how the assets are to be used are accounted for as net assets with donor restrictions. All contributed assets are recorded at their fair value on the date of donation.

Contracts and Contributions Receivable – Contracts and contributions receivable are carried at the amount earned, less any collections through the statement of financial position date. The majority of receivables are from government contracts but CISCT also receives grants and contributions from foundations, corporations, and individuals.

Contracts and contributions which are included in accounts receivable, are individually analyzed for collectability at year-end. At August 31, 2020 and 2019, all such contract amounts were deemed to be fully collectible. Accordingly, no allowance for doubtful accounts is recorded. No discount to present value has been recorded for these receivables due to the short-term nature of the remaining amount.

Property and Equipment – Property and equipment purchased for or exceeding \$1,500 is recorded at cost. Property and equipment is stated at fair value if donated. Property and equipment are depreciated using the straight-line method over the useful lives of the assets which range from five to seven years. CISCT reports gifts of land, building, and equipment as support without donor restriction unless explicit donor stipulations specify how the donated assets must be used.

Long-Lived Asset – The Organization reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends, and prospects, as well as, the effects of obsolescence, demand, competition, and other economic factors.

Functional Expenses – The expense information contained in the statements of activities and functional expenses is presented on a functional basis as (1) program services, (2) management and general, and (3) fundraising expenses. Expenses that are specifically identifiable to a function are allocated entirely to that function. Expenses that are not specifically identifiable to a function are allocated based upon management's estimate of time and resources devoted to the function. The financial statements report certain categories of expenses that are attributable to one or more program or supporting function of the Organization. The significant expenses that are allocated on the basis of estimates of specific utility include donated goods, services, and facilities and building rent. Salaries, employee benefits, payroll taxes, retirement, and unemployment insurance are allocated on the basis of estimates of time and effort.

Advertising and Marketing Expense – The Organization expenses advertising and marketing costs as they are incurred. For the years ended August 31, 2020 and 2019, the Organization recorded advertising and marketing expense of \$10,565 and \$11,678, respectively.

Income Taxes – The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Unrelated business income, of which the Organization had no significant amounts for the years ended August 31, 2020 and 2019, is subject to federal income taxes. Accordingly, there is no provision or liability for federal income taxes in the accompanying financial statements.

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2020 AND 2019

Note 2—Summary of significant accounting policies (continued)

The Organization regularly assesses uncertain tax positions in each of the tax jurisdictions in which it has operations and accounts for the related financial statement implications. Unrecognized tax benefits are reported using the two-step approach under which tax effects of a position are recognized only if it is more likely than not to be sustained and the amount of the tax benefit recognized is equal to the largest tax benefit that is greater than fifty percent likely of being realized upon ultimate settlement of the tax position. Determining the appropriate level of unrecognized tax benefits requires the Organization to exercise judgment regarding the uncertain application of tax law. The amount of unrecognized tax benefits is adjusted when information becomes available or when an event occurs indicating a change is appropriate. Future changes in unrecognized tax benefits requirements could have a material impact on the results of operations. Management has analyzed the tax positions taken by the Organization and has concluded that, as of August 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Organization is generally no longer subject to tax examinations relating to U.S. federal tax returns for the prior three years.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated. Significant estimates include determining the collectability of receivables, the fair value of donated assets or services, and the proper classification of functional expenses.

Beneficial Interest Investment – The Organization has a beneficial interest in investments held at Austin Community Foundation. Those investments include equity securities, money market accounts, debt securities, mutual funds, and time deposits. Investments in equity securities, debt securities, and mutual funds with readily determinable fair values are based on quoted market values while the money market accounts and time deposits are estimated at fair value by summing the principal investment plus accrued interest. Investment income and unrealized gains and losses are reported as increases in net assets without donor restrictions unless the donor placed restrictions on the income's use. The change in fair value between years is reflected in the statements of activities in the year of the change as depreciation or appreciation in investments.

Endowment Fund and Beneficial Interest – The Organization has interpreted the Uniform Prudent Management of Institutional Funds Act (“UPMIFA”) as requiring the preservation of the fair value of the original gift as of the gift date of the donor restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as support to be held in perpetuity (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as net assets to be held in perpetuity are classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the Organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Organization
- The investment policies of the Organization

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2020 AND 2019

Note 2—Summary of significant accounting policies (continued)

The Organization has no donor restricted funds within its investment in the beneficial interest in investments held by others at August 31, 2020 and 2019; however, they are designated in its use by the Board of Directors.

Concentration of Credit Risk – Financial instruments which potentially subject the Organization to concentrations of credit risk consists principally of cash and cash equivalents, beneficial interest, and accounts receivable. The Organization has a sweep account that transfers all the funds in excess of the maximum Federal Deposit Insurance Corporation (“FDIC”) limits from the operating account to an interest-bearing account at the end of the day. The transferred funds are reflected in the sweep account on the following day. The transaction posts to the bank account the day prior to the day the transaction posts to the sweep account. There was approximately \$6.3 and \$5.4 million of cash and cash equivalents in an interest-bearing account which is not covered by FDIC at August 31, 2020 and 2019, respectively. Beneficial interests are exposed to various risks, such as interest rate, market, and credit risks. For accounts receivable, the Organization performs ongoing credit evaluations of the donors’ financial condition.

Fair Value of Financial Instruments – In determining fair value, the Organization uses various valuation approaches. U.S. GAAP requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs and establishes a fair value hierarchy that prioritizes valuation inputs into three broad levels based on the characterization of the underlying inputs, and each fair value measurements is then assigned to one of the three levels. These levels are:

Level 1 – Valuation is based on quoted prices for identical instruments traded in active markets. Level 1 assets and liabilities include debt and equity securities traded in an active exchange market, as well as, U.S. Treasury securities.

Level 2 – Valuation is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuation is determined using model-based techniques with significant assumptions not observable in the market. These unobservable assumptions reflect management’s own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include the use of third party pricing services, option pricing models, discounted cash flow models and similar techniques.

The carrying amount of cash and cash equivalents, accounts receivable and pledges, prepaid expense and other assets, accounts payable, and accrued expenses approximate fair market value at August 31, 2020 and 2019, because of their relatively short maturity and market terms. The fair values for other investments are based on management’s estimates. Estimated fair value is determined by the Organization based on a number of factors, including: comparable publicly traded securities, the costs of investments to the Organization, as well as, the current and projected operating performance.

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2020 AND 2019

Note 2—Summary of significant accounting policies (continued)

Recently Issued Accounting Pronouncements – In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2014-09, *Revenue Recognition (Topic 606)*. This ASU provides a single, comprehensive revenue recognition model for all contracts with customers to improve comparability within industries, across industries, and across capital markets. The core principle of this ASU is that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. On June 3, 2020, FASB issued guidance (ASU 2020-05) that defers the effective date of the revenue standard (ASC 606) for entities that have not yet issued financial statements adopting the standard. For private companies, the ASU is now effective for annual periods beginning after December 15, 2020. Early adoption is still permitted. The deferral of this standard is intended to provide relief for private companies that have had their implementation efforts delayed by the novel corona virus (“COVID-19”) pandemic. The Organization is currently evaluating the impact of this new standard on its financial statements.

In February 2016, FASB issued ASU 2016-02, *Leases (Topic 842)*. The update is intended to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. The amendments in this update are effective for fiscal years beginning after December 15, 2021. Early application of the amendments in this update is permitted. The Organization is currently evaluating the impact of FASB ASU 2016-02 but does not expect the adoption to have a material effect on the Organization’s financial position or results of activities.

Subsequent Events – The Organization evaluates events that occur subsequent to the statements of financial position date of periodic reports, but before the financial statements are issued for periods ending on such dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Organization’s financial statements are available for issuance. For the financial statements, as of and for the year ending August 31, 2020, this date was April 5, 2021.

Note 3—Liquidity

The Organization has approximately \$6.5 million of financial assets without donor restrictions available within one year of the balance sheet date of August 31, 2020 consisting of cash and cash equivalents and accounts receivable. As of August 31, 2020, net assets with restrictions totaled approximately \$2.1 million and are broken out in Note 6. The Organization maintains grants with various state and federal agencies and expects to secure funding in the next fiscal year of approximately \$7 million.

In response to the COVID-19 pandemic in 2020, the Organization applied for and received a loan of \$1.5 million under the Small Business Administration’s (“SBA”) Paycheck Protection Program (“PPP”) (see Note 9). As result of this loan, there were no reductions to staffing levels, allowing the Organization to continue fully serving the Austin area school districts.

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS
NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2020 AND 2019

Note 4—Fair value measurements

The following table presents the assets that are measured at fair value on a recurring basis by level within the fair value hierarchy as reported on the statements of financial position at August 31. As required by U.S. GAAP, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following table represents the Organization's fair value hierarchy for its investments measured at fair value on a recurring basis as of August 31, 2020:

	Quoted Prices for Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Beneficial interest investments held by others	\$ -	\$ 171,512	\$ -	\$ 171,512

The following table represents the Organization's fair value hierarchy for its investments measured at fair value on a recurring basis as of August 31, 2019:

	Quoted Prices for Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Beneficial interest investments held by others	\$ -	\$ 163,742	\$ -	\$ 163,742

The following is a description of the valuation methodology used for assets measured at fair value:

- *Beneficial interest in investments held by others* consist almost entirely of common stock and mutual funds. The remaining investments in the endowment fund accounts are not significant to the overall financial statements. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily closing prices as reported by the fund.

There have been no changes in the methodology used as of August 31, 2020. The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS
NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2020 AND 2019

Note 5—Property and equipment

Property and equipment comprised the following at August 31:

	2020	2019
Buildings	\$ 350,997	\$ 350,997
Furniture and equipment	392,515	379,707
Less accumulated depreciations	<u>(615,430)</u>	<u>(573,909)</u>
	<u>\$ 128,082</u>	<u>\$ 156,795</u>

Depreciation expense of \$41,521 and \$38,884 was recognized for the years ended August 31, 2020 and 2019, respectively.

Note 6—Net assets with donor restrictions

The part of the net assets of a not-for-profit organization resulting from contributions whose use by the Organization is limited by donor-imposed restrictions that either expire by passage of time or the purpose of which is fulfilled are considered net assets with donor restrictions.

Net assets with donor restrictions consisted of the following at August 31:

	2020	2019
On-Campus Student Support	\$ 1,883,650	\$ 2,315,891
ASPIRE Family Literacy	168,000	201,461
XY Zone	-	58,779
Children’s Mental Health	20,870	-
Child Abuse Prevention	<u>23,155</u>	<u>25,000</u>
Total program restrictions	<u>\$ 2,095,675</u>	<u>\$ 2,601,131</u>

Net assets released from restrictions due to the satisfaction of requirements consisted of the following during the years ended August 31:

	2020	2019
On-Campus Student Support	\$ 1,015,296	\$ 1,046,893
ASPIRE Family Literacy	55,750	98,539
XY Zone	58,779	21,482
Children’s Mental Health	-	34,520
Other programs	<u>171,409</u>	<u>10,784</u>
Total program restrictions released	<u>\$ 1,301,234</u>	<u>\$ 1,212,218</u>

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS
NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2020 AND 2019

Note 7—Endowment fund and beneficial interest

During 2009, the Organization established the Communities In Schools of Central Texas Endowment Fund (the “Fund”) with the Austin Community Foundation (“ACF”) to take advantage of ACF’s investment expertise and to allow these funds to gain synergies with other funds held by ACF. The Organization has specified itself as the beneficiary of the Fund.

The Fund is a permanent, legacy fund with assets irrevocably held by ACF. The Fund’s purpose specified in the agreement with ACF is to support the Organization’s excellence and innovation in programming and operations. The distribution policy established by the ACF Board of Governors allows five percent of the fund’s value as of December 31st each year be available once the fund has a total value of one million dollars or more.

The Organization’s endowment fund is comprised of one Board designated endowment; therefore, it has been classified as a net asset without donor restrictions. Changes in the Organization’s endowment fund was as follows for the years ended August 31, 2020 and 2019:

	Net Assets Without Donor Restrictions	Net Assets With Donor Restrictions	Total
August 31, 2018	\$ 159,456	\$ -	\$ 159,456
Appreciation	4,286	-	4,286
August 31, 2019	163,742	-	163,742
Appreciation	7,770	-	7,770
August 31, 2020	<u>\$ 171,512</u>	<u>\$ -</u>	<u>\$ 171,512</u>

Note 8—In-kind contributions

In-kind contributions are valued at their estimated fair value on the date of contribution and recorded as contribution revenue. In-kind contributions comprised the following for the years ended August 31:

	2020	2019
Program delivery site space in Organizations	\$ 4,046,476	\$ 3,113,143
Bus passes	-	13,922
Telephone/internet access	-	39,600
Gift cards	16,750	-
	<u>\$ 4,063,226</u>	<u>\$ 3,166,665</u>

A substantial number of volunteers donate their time to the Organization to provide mentoring, tutoring, classroom and administrative assistance in school campuses. These donated services are not reflected in the financial statements because they do not meet the criteria for recognition as contributed services pursuant to U.S. GAAP. The terms of facility rental in these school campuses are on an annual basis as required by the contracts the Organization has with each school district.

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2020 AND 2019

Note 9—Paycheck Protection Program loan

On April 17, 2020, the Organization received a forgivable Paycheck Protection Program (“PPP”) loan in the amount of \$1,500,000. The loan and accrued interest are forgivable as long as the Organization uses the loan proceeds for eligible purposes, including payroll, benefits, and utilities and maintains its payroll levels. The amount of loan forgiveness will be reduced if the borrower terminates employees or reduces salaries during the qualifying period. The unforgiven portion of the PPP loan is payable over two years at an annual interest rate of 1%, with a deferral of payments for the first six months. During the year ended August 31, 2020, the Organization utilized the proceeds for purposes consistent with the PPP and management believes that its use of the loan proceeds will meet the conditions for forgiveness of the loan. As of August 31, 2020, the outstanding balance on the loan is \$1,500,000.

Note 10—Retirement plan

In 1997, the Organization established the Communities In Schools of Central Texas 403(b) Plan (the “Plan”). The Plan was established under Internal Revenue Code Section 403(b). The Plan provides for elective salary deferrals for employees, with annual employer matching contributions up to \$1,500 per employee. All full-time employees working more than 20 hours per week, except for AmeriCorps members, are eligible for participation on the date of their employment. Effective March 25, 2011, all current employees were grandfathered and fully vested in all contributions previously made on their behalf by the Organization. All future employees commenced vesting in the Organization’s contributions on a five-year vesting schedule, with 20% vesting after each anniversary of employment until reaching 100% vesting after the employee’s fifth anniversary. Retirement plan contribution expense was \$112,148 and \$106,548 for the years ended August 31, 2020 and 2019, respectively.

Note 11—Commitments and contingencies

The Organization has a five-year operating lease for office space and a three-year facility lease utilized for program related activities. The lease for office space includes escalating payments and the option to terminate upon certain circumstances. Future minimum lease payments under these leases as of August 31, 2020 are as follows:

Years Ending August 31,

2021	\$	188,791
2022		230,024
2023		240,935
2024		251,845
2025		150,622
		<u>150,622</u>
	\$	<u>1,062,217</u>

Total building rental expenses were \$324,764 and \$239,866 during the years ended August 31, 2020 and 2019, respectively.

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2020 AND 2019

Note 11—Commitments and contingencies (continued)

Contracts with Grantors – The Organization is funded by contracts that are subject to review and audit by grantor agencies. These contracts have certain compliance requirements and if audits by the grantor agencies disclose any areas of substantial noncompliance, the Organization may be required to refund any disallowed costs. Management believes the Organization has complied with applicable requirements.

Contingencies – The Organization from time to time may be involved in contingencies relating to claims arising out of its ordinary course of business. Management believes that there are no claims or actions pending or threatened against the Organization, the ultimate disposition of which would have a material impact on the Organization's financial position, results of operations, or cash flows.

Note 12—Concentrations

During the years ended August 31, 2020, no individual contracts or contributions represented material concentrations in revenue. During the year ended August 31, 2019, one contract accounted for 19% of the total revenue of the Organization, respectively.

As of August 31, 2020 and 2019, three contracts accounted for 56% and one contract accounted for 63% of the total accounts receivable balance of the Organization, respectively.

Note 13—Related party

During the years ended August 31, 2020 and 2019, the Organization received contributions of \$128,346 and \$51,157, respectively, from various members of the board. These amounts represent actual cash contributions received and are included in contributions in the accompanying statements of activities.

Note 14—Subsequent event

In February 2020, the Organization formed a wholly owned subsidiary, All in for Kids, LLC, which was created to acquire property and construct real estate that will serve as the future headquarters for the Organization. In January 2021, All in for Kids, LLC entered into a contract to purchase land for approximately \$1.5 million and this contract is expected to close during the fiscal year ended August 31, 2021.

COMPLIANCE SECTION

**Report of Independent Auditor on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Board of Directors
Communities In Schools of Central Texas
Austin, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Communities In Schools of Central Texas (the "Organization"), which comprise the statement of financial position as of August 31, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated April 5, 2021.

Internal Control over Financial Reporting

In planning and performing our audits of the financial statements, we considered the Organization's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report of Independent Auditor on Compliance for Each Major Federal
and State Program and Report on Internal Control over Compliance in Accordance
with Uniform Guidance and Texas Uniform Grants Management Standards**

To the Board of Directors
Communities In Schools of Central Texas
Austin, Texas

Report on Compliance for Each Major Program

We have audited the compliance of Communities In Schools of Central Texas (the “Organization”) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* and *Texas Uniform Grants Management Standards* that could have a direct and material effect on each of the Organization’s major federal and state programs for the year ended August 31, 2020. The Organization’s major federal and state programs are identified on the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for the Organization’s major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award* (“Uniform Guidance”); and *Texas Uniform Grants Management Standards*. Those standards, the Uniform Guidance, and *Texas Uniform Grants Management Standards* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major federal and state programs occurred. An audit includes examining, on a test basis, evidence about the Organization’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the Organization’s major federal and state programs. However, our audit does not provide a legal determination of the Organization’s compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Organization has complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the major federal and state programs for the year ended August 31, 2020.

Report on Internal Control over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal and state programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance and *Texas Uniform Grants Management Standards*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and *Texas Uniform Grants Management Standards*. Accordingly, this report is not suitable for any other purpose.

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS

YEAR ENDED AUGUST 31, 2020

Note 1—Summary of significant accounting policies

Reporting Entity – The Schedule of Expenditures of Federal and State Awards (the “Schedule”) includes the activity of all federal and state grant programs administered by Communities In Schools of Central Texas (the “Organization”). The Organization is defined in Note 1 of the Organization’s basic financial statements.

Basis of Presentation – The Schedule presents total federal and state awards expended for each individual program in accordance with the Uniform Guidance and the *State of Texas Uniform Grant Management Standards*.

Basis of Accounting – The expenditures for the federal and state financial assistance programs are presented on the accrual basis of accounting, which is defined in Note 2 of the Organization’s basic financial statements.

Note 2—Relationship to financial statements

The amounts reported in the financial reports agree with the amounts reported in the accompanying Schedule, which is prepared on the basis explained in Note 2 of Communities In Schools of Central Texas.

Total federal and state awards per schedule of expenditures	\$ 2,586,886
Plus other grants and contracts	<u>6,577,497</u>
Total grants and contracts per statement of activities	<u><u>\$ 9,164,383</u></u>

Note 3—Indirect cost rate

The Organization elected to use the 10% de minimus indirect cost rate allowed under Uniform Guidance, Section 414.

Note 4—Subsequent events

The Organization’s management has evaluated subsequent events through April 5, 2021, the date the report was available to be issued.

COMMUNITIES IN SCHOOLS OF CENTRAL TEXAS
