

I am writing this to express my gratitude to you and all the fine folks at Pets for Vets. I recently received a rescue dog, Trixie, from you. She has become my constant loving companion. Having her around has given me much joy and is a wonderful stress reliever. I feel very relaxed when she is in my lap, and you can be sure that she is enjoying a good home.

Thank you again for all you do for veterans and neglected animals. May God bless all of you!

A note from Carl's family:

Hi, I am Carl's niece. I cannot thank you enough for finding Trixie for my uncle. Our family thinks God sent her for him. We see a big difference in him and she, too, is one lucky doggy. Thank you again, we so appreciate.
