Form 990, Part III, Line 1 - Organization Mission

Mission Statement: KCAAP's mission is to eliminate the needless death and suffering of companion animals in Northeast Texas through an aggressive sterilization program serving 13-counties, including East Dallas.

Our organization's purpose is to:

- Educate residents in these counties on how to become a truly "humane society";
- Provide low-cost spay and neuter solutions to the general public;
- Educate the public about responsible pet ownership;
- Work with legislators on the creation of laws to protect animals;
- Coordinate with the Texas Department of Health on rabies vaccinations and public health issues;
- Increase adoptions through the current city shelters and other humane organizations.

Current Role in the Community

Kaufman County Animal Awareness Project (KCAAP) operates a sterilization clinic in Kaufman County, Texas, just east of Dallas. As the only spay/neuter clinic in the region, we provide transport and spay/neuter services for pet owners in a 13-county area.

Our target audiences are the owned pets that are not getting sterilized because of their owner's financial status or lack of transportation services to a low-cost clinic. Half of the area we serve is rural and poor; the other half is urban (East Dallas) and poor. As a result, most residents in these communities haven't gotten the necessary spay/neuter surgeries for their dogs and cats because of financial

considerations. More than 90% of the animals that come to our clinic have never been to a vet before and 60% of the females have had at least two litters of puppies. We provide additional financial assistance to those that can not afford these crucial surgeries at our already reduced rates.

About seventy percent of the pets sterilized at KCAAP come in on the Critter Cruiser (our regional transport van) from residents in our partnering communities. Our partners' coordinate efforts with pet owners in their community, ensuring these animals receive the necessary surgery to prevent unwanted births. Their commitment and success in this endeavor is what has lead us to add the second transport vehicle and expand our clinic to provide more spay/neuter and vaccination services for pets in these communities.

In August of 2009, KCAAP opened a centrally located regional, high-volume, high-quality, low-cost spay/neuter fixed-site clinic located in Crandall, Texas, with a transport service. This set-up allowed us to spay/neuter more pets, servicing more areas that needed us. The clinic operated two days a week, providing 70 surgeries per week. At the time, we projected by the end of year four, the clinic would be open two days per week, 48 weeks of the year, and performing nearly 6,000 surgeries annually. However, within seven months, we had hired a full-time vet and were performing nearly 120 surgeries per week because of the overwhelming need for these services. We are now performing well over 200 surgeries per week totally 9,926 surgeries in 2009.

Through this process, we built partnerships with surrounding city and county shelters

and humane organizations, offering transportation services to and from the clinic for the general public. These organizations remain the back bone of our program. Our partnering agencies are responsible for all aspects of their territory from advertising, promotions, funding and finding volunteers to perform check-in at their pick-up sites. For providing these services the partner agency receives a discounted spay/neuter price on rescue animals. A strong collaborative effort with these groups has helped us exceed our initial spay/neuter goals and stretched our resources enough that we have had to grow our program once again to meet the increased demand for services.
