Strategic Plan Executive Summary:

Below is a summary of our strategic plan over the next 3 years. As outlined in our plan, Scholars will:

- Continue to provide hope to young adults and adults through our scholarship program, which is one of the strongest in the nation;
- Deepen the quality of the college and career advising and supports provided to our scholars;
- Expand our program to meet with needs of more young adults and adults in the region;
- Ensure our graduates are well positioned to secure promising or good careers;
- Change our adult scholarship program from focusing on postsecondary degree attainment to securing a high demand credential and a family sustaining career;
- Assume a leadership role in driving workforce development strategies in the region; and
- Drive towards 80% – scholar graduation rates; scholars who secure family sustaining careers; and scholars who want to live, work and serve in the region.
