OUR VALUE PROPOSITION

We co-create innovative ideas and strategies to save lives and promote health and well-being. By partnering with change agents at the local and national level, we advance the health agenda of communities and nations using evidence and expertise to deliver improved health outcomes efficiently and effectively.

OUR WORK SPANS:

1. Technical advice to governments, health care networks, civil society organizations and local leadership bodies;
2. Health systems support to bridge gaps in health service delivery in fragile settings and emergencies;
3. Capacity strengthening of local and national change agents, organizations and systems;
4. Innovative approaches to community health, health promotion, social and behavioral changes, and response to GBV survivors.

THE CORUS EFFECT: IMA World Health is part of Corus International, an ensemble of long-serving, global leaders in international development and humanitarian assistance committed to ending poverty and building healthy communities. In addition to IMA World Health, the Corus family includes global aid and development organization Lutheran World Relief, U.K.-based technology for development company CGA Technologies, impact investing firm Ground Up Investing, and direct trade company Farmers Market Brands.
