“True joy, fulfillment, and recovery doesn’t come without a solid relationship with God. So when you get scared, and you get nervous, and when you don’t see no hope, don’t panic, because there’s Someone here that knows how to turn on the light. That’s what I tell people, because that was so powerful to me. I mean, I came from a pretty dark place in life. But I got a lot of hope from realizing that sobriety really is good, recovery really is fun, no one has to live in addiction. That’s what the Mission has done for me.”
