

“Mom had broken her hip and could no longer live alone. We looked at several places, all totally unacceptable for her. We heard about an opening at Seacrest Village. Mom thrived there. My mother, truly by the Grace of God... lived her last years at Seacrest Village. She received excellent and loving care... and it was wonderful for her and all of us, to be taken care of as she was. This will always be in my mind and heart. I consider the staff many angels that helped during my mother's stay. I am forever grateful for Seacrest. My heartfelt thank you.” Peter Felber
