INDEPENDENT AUDITOR'S REPORT

Board of Directors
Franklin County Library System
Chambersburg, Pennsylvania

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying modified cash basis financial statements of the general fund of the Franklin County Library System (System), a component unit of Franklin County, Pennsylvania, a nonprofit organization, as of and for the year ended December 31, 2021, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the general fund of the Franklin County Library System, as of December 31, 2021, and the respective changes in modified cash basis financial position thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the System and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the general fund and do not purport to, and do not present fairly the financial position of the Franklin County Library System, as of December 31, 2021, and the changes in its financial position for the year then ended in accordance with the modified cash basis of accounting. Our opinion is not modified with respect to this matter.

Basis of Accounting

We draw your attention to Note 1 of the Financial Statements. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than the accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this manner.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the System's ability to continue as a going concern for the twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the System's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole on the basis of accounting described in Note 1.

FRANKLIN COUNTY LIBRARY SYSTEM

A COMPONENT UNIT OF FRANKLIN COUNTY

NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

For the Year Ended December 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Franklin County Library System (System) is a nonprofit organization incorporated under the laws of the Commonwealth of Pennsylvania. The System is intended as a centralized clearinghouse for branch libraries within a prescribed district. The concept intends to achieve an operating efficiency for the overall district operation and to limit the number of entities competing for governmental grants and/or subsidies. The System receives funds from branch libraries as well as directly from various governmental and other agencies. The System also acts as the central buying and disbursement entity for the System's branch libraries. The System operates under a nine-member board of directors whom are appointed by the County Commissioners of Franklin County, based on the final recommendation of individuals by the Franklin County Library System Board of Directors. These nine directors shall be selected to provide a balanced representation of all public library service areas of the county.

The Franklin County Library System is solely responsible for the operations of the following branch libraries:

- Coyle Free Library - Chambersburg, Pennsylvania
- Grove Family Library - Chambersburg, Pennsylvania
- Saint Thomas Library - Saint Thomas, Pennsylvania

The Franklin County Library System also maintains responsibility for all library service operations, as defined in agreements entered into with the individual advisory boards, for the following branch libraries:

- Besore Memorial Library - Greencastle, Pennsylvania
- Blue Ridge Summit Free Library - Blue Ridge Summit, Pennsylvania

Reporting Entity

The Governmental Accounting Standards Board defines the criteria used to determine the composition of the reporting entity. The standards require that the financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally-separate organizations if its officials appoint a voting majority of an organization's governing body and it is either able to impose its will on that organization or there is potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. A financial-benefit or burden relationship exists if the primary government (a) is entitled to the organization's resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provided financial support to, the organization; or (c) is obligated in some manner for the debt of the organization.

FRANKLIN COUNTY LIBRARY SYSTEM

A COMPONENT UNIT OF FRANKLIN COUNTY

NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

For the Year Ended December 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Reporting Entity - continued

Some organizations are included as component units because of their fiscal dependency on the primary government. An organization is fiscally dependent on the primary government if it is unable to adopt its budget, levy taxes or set rates or charges, or issue bonded debt without approval by the primary government.

Based on the aforementioned criteria, the System is a component unit of Franklin County. The System Board of Directors is approved by the County. The System does not exercise oversight responsibility over any other organization and no other organization is a component unit of the System.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Measurement focus is a term used to describe “how” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

The System’s basic financial statements are reported using the “current financial resources” measurement focus, as applied to the modified cash basis of accounting. Revenue is recognized when received. Expenditures generally are recorded when paid. Costs for capital outlays and payments for debt service are recognized as expenditures in the period paid.

The System’s policy is to prepare its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. This basis differs from accounting principles generally accepted in the United States of America in that revenues are recognized when received rather than when earned and expenses are recognized when paid rather than when the obligation is incurred. The System also records the proceeds of loans as receipts and the subsequent loan payments as disbursements, and cash payments for capital items are recorded as disbursements.

When both restricted and unrestricted resources are available for use, it is the System’s policy to use unrestricted budgeted resources first, restricted resources, then unrestricted unbudgeted resources as they are needed.

Budgets and Budgetary Accounting

The Board of Directors adopts annual budgets for the System, which are prepared using the cash basis of accounting. These budgets are not legally required. Therefore, no budgetary comparison schedules are required to supplement the basic financial statements.

Assets, Liabilities and Fund Balance

Investments: Investments are recorded at fair market value. Unrealized appreciation and depreciation due to changes in the fair value of such investments is recognized annually.

FRANKLIN COUNTY LIBRARY SYSTEM

A COMPONENT UNIT OF FRANKLIN COUNTY

NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

For the Year Ended December 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Assets, Liabilities and Fund Balance – continued

Fund Balance: In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the System classifies fund balance as follows:

- Nonspendable – includes fund balance amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.
- Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors, grantors, contributors, or laws and regulations of other governments, or amounts constrained by law through constitutional provisions or enabling legislation.
- Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the System through formal action of the highest level of decision-making authority and does not lapse at year-end.
- Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the governing body itself or a body or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.
- Unassigned – includes fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes.

Approval of an official motion at a formal meeting by the System Board of Directors is required to establish, modify, or rescind committed fund balance. The System Board of Directors, Executive Director or the Business Manager have the authority to express intended uses of resources that result in assigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted resources are available, the System's policy is to spend resources in the following order:

1. Unrestricted – Budgeted
2. Restricted
3. Unrestricted – Unbudgeted

Unless the System Board of Directors specifically approves the use of committed resources, or the System Board of Directors or authorized body or official specifically approves the use of assigned resources, the System's policy is to spend unrestricted resources in the following order:

1. Unassigned
2. Assigned
3. Committed

FRANKLIN COUNTY LIBRARY SYSTEM

A COMPONENT UNIT OF FRANKLIN COUNTY

NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

For the Year Ended December 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Use of Estimates: Management uses estimates and assumptions in preparing financial statements. These estimates and assumptions affect the reported amounts of assets and liabilities and the reported revenue, expenditures/expenses and disclosures. Actual results could differ from those estimates.

Income Taxes: The System qualifies as a tax-exempt organization under 501(c)(3) of the Internal Revenue Code. Therefore, no provision for federal income tax has been made. In addition, the System qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2). However, the System engages in the sale of passports, which is considered unrelated business income by the Internal Revenue Service. As such, this income less the related expenses is subject to federal income tax.

The System is subject to potential examination by the Internal Revenue Service. However, the System is not currently under audit nor has the System been contacted by the Internal Revenue Service. Management believes the System is no longer subject to tax examinations for years prior to 2018. The System has evaluated its tax positions for all open tax years and management believes all material tax positions taken would be upheld under an examination. If assessed, the System classifies any interest and penalties recognized with a tax position as expenditures.

Sales Tax: The System collects sales tax on applicable transactions. The amount collected is included in receipts and the remittance is included in disbursements in the financial statements.

Date of Management Evaluation: In preparing these financial statements, Management has evaluated events and transactions for potential recognition or disclosure through June 9, 2022, the date the financial statements were available to be issued.

NOTE 2: DEPOSITS AND INVESTMENTS

The System's investment objective is to provide maximum investment return, consistent with the exercise of good business practice. The assets must be invested with the care, skill and diligence that a prudent person acting in this capacity would use and must have a blend of quality, security and diversification, which will produce both a dependable flow of income and stable growth. In order to meet these objectives, with the least possible risk, assets may be allocated as follows:

- Equities may constitute up to seventy percent of the Fund's market value with a minimum requirement of fifty percent. The target is sixty percent.
- Fixed income securities (including preferred stocks) may constitute up to fifty percent of the Fund's market value with a minimum requirement of thirty percent. The target is thirty-seven percent.
- Cash equivalents may constitute up to twenty percent of the Fund's market value with a minimum requirement of two percent. The target is three percent.

FRANKLIN COUNTY LIBRARY SYSTEM

A COMPONENT UNIT OF FRANKLIN COUNTY

NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

For the Year Ended December 31, 2021

NOTE 2: DEPOSITS AND INVESTMENTS - continued

As of December 31, 2021, the System's Level 1 investment accounts consist of the following:

Mutual Funds:

Equity - large	\$ 120,197
Equity - mid	67,844
Equity - small	62,349
Equity - foreign	32,110
Bond	153,910
Cash Equivalents	43,157
Totals	\$ 479,567

Fair market value is determined based on level 1 inputs, which are determined by quoted prices available in an active market.

As of December 31, 2021, the System's Level 3 investment accounts consist of the following:

The Foundation for Enhancing Communities	\$ 65,401
--	-----------

Fair market value is determined based on level 3 inputs, which require significant management judgement or estimation. Fair value is based on the fair value of investments in the investment pool by the organization's percentage of ownership.

Asset allocations at December 31, 2021, adhere to the System's investment policy.

Custodial Credit Risk: Deposits

Custodial credit risk is the risk that in the event of a bank failure, the System's deposits may not be returned to it. The System does not have a written policy for custodial credit risk. As of December 31, 2021, \$140,830 of the System's total deposit account bank balances of \$1,034,837 were uninsured and collateralized with securities held by the pledging bank's trust departments, but not in the System's name.

Act 72 is an act standardizing the procedures for pledges of assets to secure deposits of public funds with banking institutions pursuant to other laws; establishing a standard rule for the types, amounts and valuations of assets eligible to be used as collateral for deposits of public funds; permitting assets to be pledged against deposits on a pooled basis and authorizing the appointment of custodians to act as the pledgers of the assets.

<u>Level 3 Investments</u>		
The Foundation for Enhancing Communities	Unknown	65,401 *
		<u>\$ 544,968</u>

* Concentration of credit risk: investments in issuer represent 5% or more of total investments.

All level 1 investment assets are administered by F&M Trust Company. All level 3 investment assets are held by The Foundation for Enhancing Communities. The System's investment policy limits the composition of its investments as a means of managing its exposure to the risk that an issuer or counterparty will not fulfill its obligation. The System limits investments according to their credit ratings. Mutual funds must have a minimum three-star rating by Morningstar and fixed income securities must have a rating of "B" or higher by Moody's or Standard & Poor's.

FRANKLIN COUNTY LIBRARY SYSTEM

A COMPONENT UNIT OF FRANKLIN COUNTY

NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

For the Year Ended December 31, 2021

NOTE 2: DEPOSITS AND INVESTMENTS - continued

Interest-Rate Risk

The System's investment policy limits the investment maturities of fixed income securities as a means of managing its exposure to fair-value losses arising from increasing interest rates. Fixed income securities must have no more than fifteen years to expected maturity.

Concentrations of Credit Risk

The System's investment policy limits the amount allowed to be invested in any one issuer as a means of managing its exposure to credit risk. No more than ten percent of the market value of the investment shall be invested in one single equity. No more than ten percent of the market value of the investment shall be invested in fixed income securities of a single issuer (with the exception of U.S. government issues). Investments in mutual funds are diversified among many different equities and bonds.

Foreign Currency Risk

The System does not have a formal investment policy that limits foreign investments.

As of December 31, 2021, the System had the following foreign investments:

Mutual Funds - Equity - Foreign	<u>\$ 32,110</u>
---------------------------------	------------------

NOTE 3: ASSETS HELD IN PERPETUITY

In December 2018, the System entered into an agreement with The Foundation for Enhancing Communities (TFEC), to hold assets in perpetuity for charitable, education, scientific or civic purposes. The net income of the fund shall be distributed on an annual basis to the System. In addition, grants shall be awarded from the fund for charitable, educational, scientific or civic purposes.

NOTE 4: LONG-TERM OBLIGATIONS

During the year ended December 31, 2021, long-term obligations changed as follows:

	<u>Balance</u> <u>January 1, 2021</u>	<u>Increase</u>	<u>Decrease</u>	<u>Balance</u> <u>December 31, 2021</u>
F&M Coyle Construction Loan	<u>\$ 3,700,000</u>	<u>\$ -</u>	<u>\$ (400,000)</u>	<u>\$ 3,300,000</u>

FRANKLIN COUNTY LIBRARY SYSTEM

A COMPONENT UNIT OF FRANKLIN COUNTY

NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

For the Year Ended December 31, 2021

NOTE 4: LONG-TERM OBLIGATIONS - continued

In June 2016, the System entered into a conduit debt agreement with the Chambersburg Area Municipal Authority (the Authority) and F&M Trust Company (the Lender). According to the terms of the agreement, the Lender shall agree to lend to the Authority an amount not to exceed \$5,000,000 for purposes of the Coyle Library capital building project, whereby the Authority shall agree, *inter alia*, to issue the Series of 2016 Project Note to the Lender and to lend such funds to the Library System. The Series of 2016 Project Note and the Library System's obligations are secured by the Grove building property, other pledged assets, and the project cash accounts. The Library System shall make interest only payments beginning in July 2016 and continuing through June 2026, at which time the outstanding principal balance will be due. The note bears a variable rate of interest equal to 66% of LIBOR plus 2.75% that resets on the first day of each month beginning in July 2016. The Library System is expected to pay outstanding principal on the note no less frequently than on an annual basis from funds available in the project account that are not being used to pay for capital project costs. Total interest expense on the project note for the year ended December 31, 2021 was \$140,819.

NOTE 5: PENSION PLAN

The System has a SIMPLE IRA plan for its employees. Employees receiving at least \$5,000 in compensation, during the calendar year, may participate in the plan. The System will match employee contributions equal to 100% of elective deferrals, up to a limit of 3% of compensation for the calendar year. Total contributions by the System for the year ended December 31, 2021 were \$23,741.

NOTE 6: RISK MANAGEMENT

The System is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets, and errors or omissions. Significant losses are covered by commercial insurance for all major programs. For insured programs, there have been no significant reductions in settlement coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE 7: LEASE OBLIGATIONS

In 2020, the System entered into a three-year operating lease agreement effective January 1, 2021 with the Saint Thomas Township Volunteer Fire and Rescue Company, Inc. to provide both operating and parking facilities for the Saint Thomas Library, which is a branch library of the System. The lease calls for monthly rental payments of \$833 to the fire company. At the request of the System, this lease may automatically renew for one additional three-year period.

FRANKLIN COUNTY LIBRARY SYSTEM

A COMPONENT UNIT OF FRANKLIN COUNTY

NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

For the Year Ended December 31, 2021

NOTE 7: LEASE OBLIGATIONS - continued

The System leases several copiers under a sixty-three (63) month agreement with Centric. The lease requires monthly payments of \$2,374 and was effective November 2019.

The System leases three postage meters from Pitney Bowes. All of these leases require sixty (60) monthly payments of \$105, \$32 and \$25, respectively, and were effective May 2018 and November 2018, respectively.

Total rent expense under operating leases for the year ended December 31, 2021 amounted to \$40,429.

Future minimum lease obligations under non-cancelable operating leases with a term greater than one year are as follows for the years ending December 31:

<u>Year</u>	
2022	\$ 40,429
2023	40,268
2024	28,488
2025	4,748
Total minimum lease obligations	<u>\$ 113,933</u>

NOTE 8: CONCENTRATIONS

The Franklin County Library System relies heavily on state and local government funds. In financial accounting, the continuation of an entity's operations is usually assumed in the absence of evidence to the contrary. However, an organization which depends on direct support from governmental agencies is subject to legislative action, which could significantly affect the amount of support it receives. During the year ended December 31, 2021, state and local government funds consisted of 86% of total revenues.

NOTE 9: DONATED PROGRAM SERVICES

A portion of the System's functions are conducted by unpaid volunteers. The value of this contributed time is not reflected in the accompanying financial statements because it is not susceptible to objective measurement or valuation.

FRANKLIN COUNTY LIBRARY SYSTEM

A COMPONENT UNIT OF FRANKLIN COUNTY

NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

For the Year Ended December 31, 2021

NOTE 10: CHARITABLE GIFT ANNUITY

In December of 2003, the System was given a charitable gift annuity in the form of 275 shares of M&T Bank Corp stock that had a fair market value of \$25,979 on the date of the donation. The annuity requires quarterly payments of \$292. For the year ended December 31, 2021, interest paid to the annuitants by the System amounted to \$1,169.

NOTE 11: LEASE AGREEMENT

The System entered into an agreement in September 2017 to lease approximately 1,300 square feet of building space to another non-profit organization. The original term of this lease spanned one year beginning in December 2017 and ending in November 2018. Thereafter, the term automatically extends by 1-year periods for 3 consecutive years. Under this agreement, the System receives rental payments of \$2,083 per month.

NOTE 12: RISKS AND UNCERTAINTIES

In December, 2019 a novel strain of coronavirus was reported in Wuhan, Hubei province, China. In the first several months of 2020, the virus, SARS-CoV-2, and resulting disease, COVID-19, spread to the United States. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. The System's evaluation of the effects of these events is ongoing as of the date the accompanying statements were issued. COVID-19 may impact various parts of the System's 2022 operations and financial performance including but not limited to additional costs for emergency preparedness, disease control and containment, potential shortages of personnel, supply chain disruption, or declines in revenue or volumes of certain revenue streams. The extent of the impact will depend on future developments, including the duration and spread of the outbreak and related governmental or other regulatory actions.

SUPPLEMENTARY INFORMATION
