OUR VISION IS THAT A COLLEGE DEGREE IS ATTAINABLE FOR ALL.
By 2030, CSF will improve the college completion rate of our students to 70% and our core program will support and serve over 20,000 students annually.

WHO WE SERVE
CSF serves students from low income communities. Our scholars include students of color, first-generation college students, and students who have experienced foster care.

MISSION
College Success Foundation provides a unique integrated system of supports and services to underserved, low-income students to ensure they finish high school and graduate from college career-ready.

WHAT WE DO
CSF’s supports and services include:
• College awareness, preparation, and persistence.
• Career awareness and planning.

VALUES
Student-centered success. We put student success at the heart of everything we do.
Collaboration. We develop strong partnerships with students, colleagues and communities to ensure student success.
Equity and Inclusion. We work to dismantle the inequities that limit opportunities for our students and staff so that race, socioeconomic, and first-generation status do not predict their future.
Continuous Learning. We leverage the power of continuous learning for improvement, professional growth and courageous conversations.
