Note from the Founder:

Dear Adopt-A-Classroom supporters:

This year was an extremely exciting year for Adopt-A-Classroom, as you will see in the subsequent pages of this report, and marked a turning point in the organization’s growth. We surpassed the $6 million-raised milestone, a monumental figure given that we are only a staff of three full-time and two part-time employees. The launch of our new website in October put Adopt-A-Classroom squarely at the forefront of social enterprise innovation, and has created new opportunities to help more teachers and children, which otherwise would have been unimaginable.

While all of you, both donors and educators, have played a vital role in helping the Adopt-A-Classroom mission, I would like to make special mention of a few: Jones New York In The Classroom (www.jnyintheclassroom.org), whose vision and unwavering support has helped position Adopt-A-Classroom as a leader among education nonprofit organizations, Affinity Consulting Group (www.affinitycgi.com), whose integrity and expertise made the vision for our new website come alive, the Adopt-A-Classroom Board of Directors, who tirelessly continues to support the program year-in and year-out, our Board of Trustees and all the others who made “unrestricted” donations, without whose support for our administrative costs we would not be able to operate, and last, but certainly not least, the Adopt-A-Classroom staff who do so much with so little.

We at Adopt-A-Classroom thank you for your support. Enjoy the rest of your summer and we look forward to connecting with you again soon. Next year is already shaping up to be our biggest year yet. Look for many exciting announcements coming in the Fall.

So turn the page and take a look at what we accomplished in the past year!

Sincerely,

Jamie

James Rosenberg
Founder, Executive Director
CreateHope partnership marries employee giving and classroom support.
Adopt-A-Classroom has formed a partnership, unprecedented for its potential scope of impact for schools, with the employee-giving management company CreateHope (www.createhope.com). Employees from some of the largest corporations will now be able to direct their payroll deductions directly to classrooms of their choice. (Launches Fall ‘07)

Supporters launch 326 “local” Adopt-A-Classroom programs around the country.
A new feature on our website enables principals, school administrators, parent-teacher organizations, and any education advocates, to launch a local Adopt-A-Classroom program and help schools in their community. These 326 supporters have taken the lead to work with Adopt-A-Classroom to make a difference in children’s lives. Click here to launch a local Adopt-A-Classroom in your community.

GOOGLE helps Adopt-A-Classroom spread the word.
GOOGLE awarded Adopt-A-Classroom a grant that gives the organization special “Sponsored Link” status on all education-related searches. Introducing the program to a whole new group of users.

Founder, Executive Director Jamie Rosenberg awarded scholarship to Harvard Business School’s Strategic Perspectives in Nonprofit Management.
Limited to 140 social enterprise leaders, the SPNM program, a partnership between HBS faculty and the Social Enterprise Institute, brings together nonprofit executives from around the world.

Rosenberg invited to speak at National PTA and National School Boards Association conferences.
Adopt-A-Classroom’s rising popularity among groups seeking more innovative ways to help schools has led to speaking engagements for Jamie Rosenberg among the nations leading education organizations.

Look for the BBB seal on our Website which is only granted after rigorous BBB review and approval, and only national charities that meet these standards are eligible to apply for the seal.

*In addition to adopting classrooms, Jones New York In The Classroom has contributed a wealth of resources to Adopt-A-Classroom to help grow the organization’s impact.*
**HISTORY: A+**

Established in 1998, this marks the end of Adopt-A-Classroom’s ninth school year. To date, we have raised over $6 million on behalf of 6,983 classrooms. We are continuing to expand in order to increase the number of classrooms to which we can provide resources.

**GEOGRAPHY: A+**

Adopt-A-Classroom has a strong understanding of all areas of the United States. We have successfully adopted classrooms in 46 states and in the nation’s capital.

Sarah's Initial Lab Impact Report:

I have purchased measuring tools and demonstrations for my science lab. These materials will be of great use to all students that come to my science lab on a daily basis. I teach students from all grade levels from kindergarten to 5th grade. These materials will allow me to do hands-on activities with them, such as measuring liquids, launching bottle rockets, etc.

Materials: One science teacher, Maria Rodriguez of Shadowlawn Elementary in Miami, FL and one local business, Dade Paper Co./Genet Family Charitable Fund.

Donate: $500 to Maria Rodriguez for classroom resources

Conclusion: Proved hypothesis is right and witnessed a 17% increase in FCAT scores.

Date: June 2, 2007

Dear Donor: I had a very successful year at Shadowlawn Elementary school. I did not want to go on vacation without expressing my gratitude for the wonderful gift that you gave my classroom this year. The students used the materials we purchased for several experiments in my science lab. As a result, their FCAT scores in science went up 17 percent! I could not have done it without your help. Once again I wanted to thank you for your generosity.
