

## Our Services in 2019

129 Victim families supported free of charge

We reach families left behind and not served by other programs, including families with a child who died.

SBA taught over 1300 students how to cope with a crying baby, the #1 trigger for Shaken Baby Syndrome (SBS)

We reach young people to prevent irreversible tragedy.

6400 professionals, including police, first responders and CPS staff trained to look for SBS

SBS is an injury to the brain and not visible. It requires specialized training to detect.

SBA helped find justice in 54 child abuse cases

Case Consultation Services include case analysis, technical support with crime scene investigation, interviews, timelines, visual aids, and expert witness recommendations.

The mission of the Shaken Baby Alliance (SBA) is to provide support for victim families and professionals, to prevent child abuse, and to provide justice for the innocent victims of child abuse.

## SBA Client Snippets

A non-verbal 8-year-old with the physical and cognitive skills of a 2-year-old was shaken by his babysitter's boyfriend 7 years ago. The mother called SBA as she had no resources to buy diapers for the child who weighed 50 lbs. SBA purchased the diapers and referred the family for other assistance.

A grandmother called SBA to grieve and find a compassionate ear for her to talk through her conflicted feelings regarding the person who caused the death of her precious grandchild. SBA's peer-to-peer support services helped her deal with her grief.

A police officer expressed gratitude for SBA training about child abuse: "I presented the case today before a Grand Jury and the Foster mom was Indicted. I anticipate this going to court and will update you further as I can. Thank you again for the training and the material you provided, it was a huge help in me preparing to finalize my report."
