INDEPENDENT AUDITORS' REPORT

Board of Directors
Orange County Rescue Mission, Inc. and Subsidiaries

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Orange County Rescue Mission, Inc. and Subsidiaries (the Organization), which comprise the consolidated statements of financial position as of September 30, 2014 and 2013, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors
Orange County Rescue Mission, Inc. and Subsidiaries
Tustin, California

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Orange County Rescue Mission, Inc. and Subsidiaries as of September 30, 2014 and 2013, and the changes in its net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Discontinued Operations

During the year ended September 30, 2013, the board structure of Hurtt Family Health Clinic was changed and that entity is no longer consolidated into the financial statements of Orange County Rescue Mission, Inc. and Subsidiaries (see footnote 9). Our opinion is not modified with respect to that matter.

Notes to Consolidated Financial Statements

September 30, 2014 and 2013

1. NATURE OF ORGANIZATION:

Orange County Rescue Mission, Inc. (OCRM) was formed to provide emergency and transitional care of homeless individuals and families. Our mission is to minister the love of Jesus Christ to the least, the last, and the lost of our community through the provision of assistance in the areas of guidance, counseling, education, job training, shelter, food, clothing, health care, and independent living communities.

Our philosophy of ministry is to operate in a dynamic, entrepreneurial manner, expecting to grow and expand numerically, programmatically, and geographically. We seek to be constantly challenged with fresh vision and well prepared strategies that originate with the president and the senior professional staff, and that are refined, confirmed, and approved by the board of directors.

Our values as an organization are to provide: inspiration of hope in those we serve; excellence in everything we do; leadership centered on servanthood; respect for each person as an individual; integrity and accountability, while moving our students toward self-sufficiency with a commitment to spiritual, emotional, social, and vocational growth and maintaining an environment that fosters teamwork, success, and trust.

Expenses related to providing this care have been recorded as program services in the accompanying consolidated financial statements. OCRM was incorporated as a nonprofit organization under the laws of the State of California on April 21, 1965. Operations and activities prior to that date have been accounted for as if such operations and activities were those of the incorporated organization.

Basis of Presentation

The financial statements of OCRM have been prepared on the accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when incurred. Under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958-205, the organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

Principles of Consolidation

In the years ended September 30, 2014 and 2013, the consolidated financial statements include the accounts of OCRM, Inland Empire Rescue Mission (IERM), and Hope Family Housing (HFH), collectively known as the Organization. IERM also does business as Corona Norco Rescue Mission (CNRM) and Temecula Murrieta Rescue Mission (TMRM). HFH did not have any activity during the years ended September 30, 2014 and 2013. In January of 2013, the Hurtt Family Health Clinic (the Clinic) board of directors became a separate board of directors than that of the Orange County Rescue Mission and the Inland Empire Rescue Mission. As a result, the financial results for the Clinic after that date are not included in these consolidated financial statements.

For the year ended September 30, 2013, revenues and expenses for the Clinic are netted together and shown as activities from discontinued operations on the consolidated statements of activities.

ORANGE COUNTY RESCUE MISSION, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Accounting for Contributions

Contributions received are recorded as increases in unrestricted, temporarily restricted, or permanently restricted net assets, depending on the existence and nature of any donor restrictions.

Unrestricted contributions are recognized as an increase in unrestricted net assets when received. Contributions restricted by the donors are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the donor-imposed restriction. When restrictions are satisfied, either by the passage of time or by accomplishing the purpose, the temporarily restricted net assets are reclassified to the unrestricted net assets and reported in the consolidated statements of activities as net assets released from restrictions. When restrictions are satisfied in the same accounting period as the receipt of the contribution, the Organization reports both the revenue and the related expense in the unrestricted net asset class.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the consolidated statements of financial position. Unrealized gains and losses are included in other income in the accompanying consolidated statements of activities.

Income Taxes

The Organization is a not-for-profit organization that is exempt from Federal and California income taxes under Section 501(c)(3) of the Internal Revenue Code and similar provisions of the State of California.

Donated Goods and Gift-In-Kind Inventory

Material gifts-in-kind are used in the Organization's programs and donated goods distributed are recorded at fair market value on the date of the donation as in-kind contributions and program services in the consolidated statements of activities. Gift-in-kind inventory consists of donated goods used in the operation of the Organization's programs. The inventory is recorded at its fair value at the date of the donation. A physical count of items on hand at the end of the year is performed to determine the inventory on the consolidated statements of financial position at September 30, 2014 and 2013.

ORANGE COUNTY RESCUE MISSION, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

September 30, 2014 and 2013

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

Donated Services

Donated services are a significant part of the Organization's operations and are reported as contributions at their fair market value if such services create or enhance non-financial assets or would have been purchased if not provided by donation, require specialized skills, and are provided by individuals possessing such specialized skills. Such items are charged to operations as appropriate. Management has estimated the fair value of recognized services for the years ended September 30, 2014 and 2013 to be \$1,156,628 and \$874,945, respectively.

In addition to these specialized donated services, the Organization tracks the significant investment of time by the thousands of other volunteers and program participants. If not for these volunteer hours, the Organization would have been required to purchase equivalent services. Management has estimated the value of such services for the years ended September 30, 2014 and 2013 to be \$1,133,360 and \$803,787, respectively. These have not been recorded in the consolidated statements of activities. The value of these volunteer hours was established based upon the type of volunteer time given and the hourly value of such time as determined by the US Department of Labor.

Land, Buildings, and Equipment

Land, buildings, and equipment are recorded at cost when purchased. Donations of property and equipment are recorded at their estimated fair value on the date of the donation. Estimated useful lives used for depreciation are as follows:

<u>Asset Type</u>	<u>Useful life</u>	<u>Depreciation Method</u>
Buildings	27-40 years	Straightline
Building improvements	7 years	Straightline
Equipment and furniture	5-7 years	Straightline
Vehicles	5 years	Straightline

Land and artwork have indefinite useful lives and are not depreciated.

Advertising

The Organization uses advertising to promote its programs among the audiences it serves. Advertising costs are expensed as incurred. Advertising costs for the years ended September 30, 2014 and 2013 were \$904,995 and \$686,250, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

Fair Value of Financial Instruments

Financial and nonfinancial assets and liabilities are recorded at their fair market value in accordance with ASC 820, Fair Value Measurements. This standard defines fair value and establishes a hierarchy for reporting the reliability of input measurements used to assess fair value for all assets and liabilities. ASC 820 defines fair value as the selling price that would be received for an asset, or paid to transfer a liability, in the principal or most advantageous market on the measurement date. The hierarchy prioritizes fair value measurements based on the types of inputs used in the valuation technique. The inputs are categorized in the following levels:

Level 1 – Observable inputs such as quoted prices in active markets for identical assets or liabilities

Level 2 – Directly or indirectly observable input for quoted and other than quoted prices for identical or similar assets and liabilities in active or non-active markets

Level 3 – Unobservable inputs not corroborated by market data, therefore requiring the entity to use the best information available in the circumstances, including the entity's own data

Cash and Cash Equivalents

For purposes of the consolidated statements of cash flows and financial position, the Organization considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents. Deposits with various banks and broker dealers may, at times, exceed federally insured limits. The Organization has not experienced any losses on these accounts.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis on the consolidated statements of activities. Accordingly, certain costs have been allocated among the programs and supporting activities based on knowledge and estimates made by management

Uncertain Tax Positions

The financial statement effects of a tax position taken or expected to be taken are recognized in the consolidated financial statements when it is more likely than not, based on the technical merits, that the position will be sustained upon examination. Interest and penalties, if any, are included in expenses in the consolidated statements of activities. As of September 30, 2014 and 2013, the Organization had no uncertain tax positions that qualify for recognition or disclosure in the consolidated financial statements.

The Organization files information tax returns in the U.S. and various states. The Organization is subject to income tax examinations for the current year and certain prior years based on the applicable laws and regulations.

Allocation of Joint Costs

The Organization has adopted the Joint Cost topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). This statement requires that all costs that contain any fundraising appeal be allocated to fundraising unless all of the following conditions are met: purpose, audience and content. For the years ended September 30, 2014 and 2013, the Organization incurred the following joint costs:

5. CONTINGENT LIABILITIES:

In an effort to provide longer term transitional housing, the Organization has acquired properties that are available for rent at affordable rates. Residents must fall within certain income guidelines and rent is set based upon the family size and income. As part of the acquisition of these properties, the Organization received grants from various entities. In order to ensure that the properties are used for the intended purpose of affordable housing, the respective granting agencies placed deed restrictions on the properties and recorded a promissory note. Over time, these promissory notes will be forgiven and the deed restrictions lifted. The Organization's purpose and mission is to provide this type of transitional housing to at risk families and therefore the possibility of defaulting on these agreements and not providing transitional housing has been deemed remote. As a result, the funds received from the grants are recognized as income and no debt obligation has been recorded on the books. Management is not aware of any violations of these agreements. The contingent liability if the Organization were to default on these notes is disclosed below:

Hope Family Housing El Modena – County of Orange

The Organization has a 3% promissory note due in 2053 to the County of Orange, a political subdivision of the State of California and payable in annual installments of \$32,647. It is secured by a deed of trust on the property known as Hope Family Housing-El Modena. The Organization is not obliged to make payments during the term of this note provided the property is used exclusively for the purpose of the program which is transitional housing as defined in the loan agreement.

Hope Family Housing Buena Park – City of Buena Park

The Organization has a 3% promissory note due in 2062 to the Community Redevelopment Agency of the City of Buena Park and payable in annual interest-only installments of \$30,756. It is secured by a deed of trust on the property known as Hope Family Housing-Buena Park. The Organization is not obliged to make payments of principal or interest during the term of this note provided the property is used exclusively for the purpose of the program which is transitional housing as defined in the loan agreement. Interest will continue to accrue each year until the due date.

ORANGE COUNTY RESCUE MISSION, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

September 30, 2014 and 2013

5. CONTINGENT LIABILITIES, continued:

Hope Family Housing Buena Park – Prop 10 Commission

The Organization has an interest-free promissory note due in 2038 with the Children and Families Commission of Orange County (Prop10), a political subdivision of the State of California. It is secured by a deed of trust on the property known as Hope Family Housing-Buena Park. The Organization is not obliged to make principal or interest payments during the term of this note provided the property is used exclusively for the purpose of the program, which is transitional housing for families with children ages 0-5 as defined in the loan agreement. On an annual basis, a credit is applied based on the number of units occupied by families with children ages 0-5 and this amount decreases the principal balance.

Hope Family Housing Murrieta – County of Riverside

The Organization has an interest-free promissory note due in 2067 with the Redevelopment Agency of the County of Riverside. It is secured by a deed of trust on four homes that are used as transitional housing. The Organization is not obliged to make principal or interest payments during the term of this note provided the property is used exclusively for the purpose of the program, which is transitional housing for families.

Hope Family Housing Corona - City of Corona

The Organization has an interest-free promissory note due in April 2069 with the City of Corona. It is secured by a deed of trust on two buildings at 926 and 932 W 5th Street, Corona, CA that is comprised of 12 apartments. The Organization is not obliged to make principal or interest payments during the term of this note, provided the property is used exclusively for the purpose of the program, which is transitional housing for families. At the end of the 55-year term, the amount of the note is forgiven in full.

At September 30, 2014 and 2013, the outstanding balances and accrued interest, if applicable, are as follows:

	2014	2013
Hope Family Housing El Modena - County of Orange	\$ 744,619	\$ 754,627
