Strategic Initiatives –
1. Academic Excellence
2. Facilities Care and Expansion
3. Missional and Organizational Alignment (faculty, staff, board, VCS families)
4. Long-term Financial Sustainability

Each of these items falls underneath and is supported by the VCS Biblical and Foundational Positions as well as the Statement of Faith.
Implementation and Accountability

There will be four committees created, one for each Strategic Initiative. Each one will be made up of faculty/staff and at least one board member. There will be one faculty/staff member assigned to lead each Strategic Initiative to help schedule meetings, facilitate conversation and report at least quarterly to the Strategic Planning Committee/Board. Each committee will work to identify the overall objectives for both short-term (3-5 years) and long-term objectives (10 years). Once the short and long-term objectives are identified, each committee will prioritize the objectives and create specific action plans, assign tasks, and define benchmarks.

Strategic Planning Committee.

As one of the standing committees on the board the Strategic Planning Committee will commit to the following:

1. Review the entire Strategic Plan each year with the Head of Schools to determine if any aspect is outdated and work to get this updated and implemented in a timely fashion;

2. Meet with the Head of Schools, Assistant Head of Schools and Department Heads regularly regarding how they are implementing and following the Strategic Plan and report back to the board;

3. Work with each Strategic Initiative Committee to report back to the board at least quarterly with their progress and updates on their respective Strategic Initiative.
