

# Strategic Planning Goals: 2022-2027

## **Goal 1: Expand staple programs and extend opportunities to relevant client based.**

Community Inspired Lexington will expand and deepen the impact of the Community Food Pantry, the Community Inspired Photography Initiative, the ConQuest Boys and Challenge Girls club, and the CIL Summer Camp within and beyond the current client-based.

## **Goal 2: Promote CIL and partner with black communal spaces/organizations to expand networks and secure the 'village' around youth, children, and families.**

Kentucky has a large network of nonprofits and resources available to CIL's client-base. Community Inspired Lexington will raise awareness of third party resources and become a trusted community partner with references and information to assist those in need.

## **Goal 3: Establish CIL as a welcoming and professional community help/advocate hub for Lexington black communities.**

Community Inspired Lexington will advocate for client-base and teach communities to advocate for themselves.

## **Goal 4: Strengthen CIL's infrastructure- internal systems, protocols, professionalism, organization, staff, etc.- to better support the mission.**

Community Inspired Lexington will raise adequate funds by diversifying income sources and maintaining open communication with Board members who are representative of the community we serve.

## **Goal 5: Increase visibility and build a trusted reputation.**

Community Inspired Solutions will create and promote useful programming and initiatives while building community within and outside of CIL.
